Matters affecting both reserved and transferred subjects

9. (1) When a matter appears to the Governor to affect substantially the administration both of a reserved and of a transferred subject, and there is disagreement between the member of the Executive Council and the minister concerned as to the action to be taken, it shall be the duty of the Governor, after due consideration of the advice tendered to him, to direct in which department the decision as to such action shall be given : provided that, in so far as circumstances admit, important matters on which there is such a difference of opinion shall before the giving of such direction be considered by the Governor with his Executive Council and his ministers together.

(2) In giving such a direction as is referred to in sub-rule (1), the Governor may, if he thinks fit, indicate the nature of the action which should in his judgment be taken, but the decision shall thereafter be arrived at by the Governor in Council or by the Governor and minister or ministers, according as the department to which it has been committed is a department dealing with reserved or a department dealing with transferred subjects.

But, save in the case of transferred subjects, nothing in these rules shall derogate from the power of superintendence, direction and control conferred on the Governor-General in Council by the Act.

PART II—FINANCIAL ARRANGEMENTS

Allocation of revenue

14. (1) The following sources of revenue shall, in the case of Governors' provinces and in the province of Burma, be allocated to the local Government as sources of provincial revenue, namely :—

(a) balances standing at the credit of the province at the time when the Act comes into force ;

(b) receipts accruing in respect of any Provincial subject, other than the subject specified in entry 52 of Part II of Schedule I ;

(c) a share (to be determined in the manner provided by rule 15) in the growth of revenue derived from income-tax collected in the province, so far as that growth is attributable to an increase in the amount of income assessed ;

(d) recoveries of loans and advances given by the local Government and of interest paid on such loans ;

(e) payments made to the local Government by the Governor-General in Council or by other local Governments either for services rendered or otherwise ;

(f) the proceeds of any taxes which may be lawfully imposed for provincial purposes ;

(g) the proceeds of any loans which may be lawfully raised for provincial purposes; and

(h) any other sources which the Governor-General in Council may by order declare to be sources of provincial revenue.

(2) the revenues of Berar shall be allocated to the local Government of the Central Provinces as a source of provincial revenue. This allocation shall be subject to the following conditions, namely,—

(i) that the local Government of the Central Provinces shall be responsible for the due administration of Berar; and

(ii) that if in the opinion of the Governor-General in Council provision has not been made for expenditure necessary for the safety and tranquillity of Berar, the allocation shall be terminated by order of the Governor-General in Council, or diminished by such amount as the Governor-General in Council may by order in writing direct.

15. (1) Whenever the assessed income of any year subsequent to the year 1920-21 exceeds in any Governor's Province or in the Province of Burma the assessed income of the year 1920-21, there shall be allocated to the local Government of that Province an amount calculated at the rate of three pies in each rupee of the amount of such excess.

(2) In this rule "the assessed income" of any year (other than the year 1920-21) means the amount of income brought under assessment under the ¹Indian Income-tax Act, 1918, in that year in respect of which income-tax is collected, whether in that year or thereafter;

Provided that the assessed income of any year subsequent to the year 1920-21 shall not include income in respect of which no share of the tax collected would have been credited to Provincial revenues if such income had accrued and been brought under assessment in the year 1920-21.

(3) The assessed income of the year 1920-21 shall be such amount as the Governor-General in Council, after making due allowance for arrears caused by any abnormal delays in the collection of the tax, may determine as the amount of income brought under assessment under the ¹Indian Income-tax Act, 1918, in that year in respect of which income-tax is collected. It shall not include income in respect of which no share of the tax collected was credited to Provincial revenues.

Provided that where in any year subsequent to the year 1920-21 the income derived from any business is for any reason assessed to income-tax in a province other than that in which it was assessed in that year, the assessed income of the year 1920-21 of such first-mentioned province shall be increased, and that of the other province shall be decreased, by the amount of the income of the business brought under assessment in that year on which income-tax was collected.

When for any year the Governor-General in Council determines as the total amount of the contribution a smaller sum than that payable for the preceding year, a reduction shall be made in the contributions of those local Governments only, whose last previous annual contribution exceeds the proportion specified below of the smaller sum so determined as the total contribution ; and any reduction so made shall be proportionate to such excess :—

- (b) for the financial year 1925-26, the last previous annual contribution of the local Government of Bengal shall be deemed to be the remitted contribution for the year 1924-25.

Excess contributions in case of emergency

19. In cases of emergency the local Government of any province may be required by the Governor-General in Council, with the sanction of, and subject to conditions approved by, the Secretary of State to pay to the Governor-General in Council a contribution for any financial year in excess of the amount required by the preceding rules in the case of that year.

Priority of contributions

20. The contributions fixed under the preceding rules shall be a first charge on the allocated revenues and moneys of the local Governments concerned, and shall be paid in such instalments, in such manner, and on such dates, as the Governor-General in Council may prescribe.

Withdrawal of balances

21. At any time when he considers this course to be essential in the financial interests of India as a whole, the Governor-General in Council shall have power to require any local Government to which revenues have been allocated under these rules so to regulate its programme of expenditure as not to reduce the balance at its credit in the public account on a specified date or dates below a stated figure, and shall have power to take the necessary steps by the restriction of issues of moneys to secure this end. Subject to this power, those local Governments shall be at liberty to draw on their balances, provided that notice of the amount which they propose to draw during the ensuing financial year is given to the Governor-General in Council before such date in each year as the Governor-General in Council may by order fix.

Interest on provincial balances

22. Whenever the Governor-General in Council has, on receipt of due notice of the intention of the local Government to draw on its balances, required it to reduce the extent of the proposed draft, he shall, at the end of the financial year in which the local Government is debarred from drawing, credit the local Government with interest on the amount which it was not permitted to draw. Such interest shall be a charge on the revenues of India and shall be calculated at the average rate at which the Governor-General in Council has borrowed money in the open market during the year by the issue of treasury bills.

Provincial Loan Account

23. Any moneys which, on the 1st day of April, 1921, are owed to the Governor-General in Council on account of advances made from the provincial loan account of any province shall be treated as an advance to the local Government from the revenues of India, and shall carry interest at a rate calculated on the average rate carried by the total amount owed to the Governor-General in Council on this account on the 31st March 1921. The interest shall be payable upon such dates as the Governor-General in Council may fix. In addition, the local Government shall pay to the Governor-General in Council in each year an instalment in repayment of the principal amount of the advance, and this instalment shall be so fixed that the total advance shall, except

where for special reasons the Governor-General in Council may otherwise direct, be repaid before the expiry of twelve years. It shall be open to any local Government to repay in any year an amount in excess to the fixed instalment.

Capital expenditure on irrigation works

24. (1) The capital sums spent by the Governor-General in Council upon the construction in the various provinces of productive and protective irrigation works and of such other works financed from loan funds as may from time to time be handed over to the management of local Governments shall be treated as advances made to the local Governments from the revenues of India. Such advances shall carry interest at the following rates, namely :—

(a) in the case of outlay up to the end of the financial year 1916-17, at the rate of 3·3252 *per centum* ;

(b) in the case of outlay incurred after the financial year 1916-17, at the average rate of interest paid by the Governor-General in Council on loans raised in the open market since the end of that year.

(2) The interest shall be payable upon such dates as the Governor-General in Council may fix.

Advances by the Government of India

25. The Governor-General in Council may at any time make to a local Government an advance from the revenues or moneys accruing to the Governor-General in Council on such terms as to interest and repayment as he may think fit.

Priority of interest charges

26. The payment of interest on loans and advances made under the three preceding rules, and the repayment of the principal of an advance under rule 23, shall be a charge on the annual allocated revenues of the local Government, and shall have priority over all other charges, save only contributions payable to the Governor-General in Council.

Powers of sanctioning transferred expenditure

27. (1) The local Government of a Governor's province shall not, without the previous sanction of the Secretary of State in Council or of the Governor-General in Council, as the case may be, include any proposal for expenditure on a transferred subject in a demand for a grant, if such sanction is required by the provisions of Schedule III to these rules.

(2) Subject to the provisions of sub-rule (1), the local Government of a Governor's province shall have power to sanction expenditure on transferred subjects to the extent of any grant voted by the Legislative Council.

(3) The local Government of a Governor's Province shall have power to sanction any expenditure on transferred subjects which relates to the heads enumerated in section 72 D (3) of the Act subject

Delegation of powers of sanction

28. (1) The powers of a local Government under the preceding rule to sanction expenditure, may be delegated by the local Government to an authority subordinate to it, after previous consultation with the Finance Department, to such extent as may be required for the convenient and efficient despatch of public business.

(2) Any sanction accorded under these rules shall remain valid for the specified period for which it is given, subject, in the case of voted expenditure, to the voting of grants in each year.

29. Each local Government mentioned in Schedule IV shall establish and maintain out of provincial revenues a famine insurance fund in accordance with the provisions of that Schedule, and such fund shall be controlled and administered as required by those provisions.

All proposals for raising taxation or for the borrowing of money on the revenues of a province shall in the case of a Governor's province be considered by the Governor with his Executive Council and ministers sitting together, but the decision shall thereafter be arrived at by the Governor in Council, or by the Governor and minister or ministers, according as the proposal originates with the Governor in Council or the Governor and ministers.

Allocation of revenues for the administration of transferred subjects

31. Expenditure for the purpose of the administration of both reserved and transferred subjects shall, in the first instance, be a charge on the general revenues and balances of each province, and the framing of proposals for expenditure in regard to transferred and reserved subjects will be a matter for agreement between that part of the Government which is responsible for the administration of transferred subjects and that part of the Government which is responsible for the administration of reserved subjects.

Procedure in event of failure to agree

32. (1) If at the time of the preparation of the budget the Governor is satisfied that there is no hope of agreement within a reasonable time between the members of his Executive Council on the one hand and ministers on the other as to the apportionment of funds between reserved and transferred departments respectively, he may, by order in writing, allocate the revenue and balances of the province between reserved and transferred subjects, by specifying the fractional proportions of the revenues and balances which shall be assigned to each class of subject.

(2) An order of allocation under this rule may be made by the Governor either in accordance with his own discretion, or in accordance with the report of an authority to be appointed by the Governor-General in this behalf on the application of the Governor.

Period of order of allocation

33. Every such order shall (unless it is sooner revoked) remain in force for a period to be specified in the order, which shall be not less than the duration of the then existing Legislative Council, and shall not exceed by more than one year the duration thereof :

Provided that the Governor may at any time, if his Executive Council and ministers so desire, revoke an order of allocation or make such other allocation as has been agreed upon by them :

Provided further, that if the order which it is proposed to revoke was passed in accordance with the report of an authority appointed by the Governor-General, the Governor shall obtain the consent of the Governor-General before revoking the same.

Condition of order of allocation

34. Every order of allocation made under these rules shall provide that, if any increase of revenue accrues during the period of the order on account of the imposition of fresh taxation, that increase, unless the legislature otherwise directs, shall be allocated in aid of that part of the Government by which the taxation is initiated.

Preparation of budget in default of agreement or order of allocation

35. If at the time of the preparation of any budget no agreement or allocation such as is contemplated by these rules has been arrived at, the budget shall be prepared on the basis of the aggregate grants respectively provided for the reserved and transferred subjects in the budget of the year about to expire.

Recrimination when seat claimed

42. (1) Where at an inquiry into an election petition any candidate, other than the returned candidate, claims the seat for himself, the returned candidate or any other party may give evidence to prove that the election of such candidate would have been void if he had been returned candidate and a petition had been presented complaining of his election.

Provided that the returned candidate or such other party as aforesaid shall not be entitled to give such evidence unless he has, within fourteen days from the date of the publication of the election petition under clause (b) of sub-rule (2) of rule 36, given notice of his intention to the Commissioners and made the deposit and procured the execution of the bond referred to in rules 35 and 36, respectively.

- (d) the election has not been a free election by reason of the large number of cases in which undue influence or bribery, within the meaning either of Part I or of Part II of Schedule V has been exercised or committed,

the election of the returned candidate shall be void.

(2) If the Commissioners report that a returned candidate has been guilty by an agent (other than his election agent) of any corrupt practice specified in Part I of Schedule V which does not amount to any form of bribery other than treating as hereinafter explained or to the procuring or abetment of personation, and if the Commissioners further report that the candidate has satisfied them that—

Report of Commissioners and procedure thereon

(2) The report shall further include a recommendation by the Commissioners as to the total amount of costs which are payable and the persons by and to whom such costs should be paid. Such recommendation may include a recommendation for the payment of costs to the Advocate-General or a person acting under his instructions, attending in pursuance of an order made under rule 43.

(3) The report shall be in writing and shall be signed by all the Commissioners. The Commissioners shall forthwith forward their report to the Governor who, on receipt thereof, shall issue orders in accordance with the report and publish the report in the Gazette, and the orders of the Governor shall be final.

46. If either in their report or upon any other matter there is a difference of opinion among the Commissioners, the opinion of the majority shall prevail, and their report shall be expressed in the terms of the views of the majority.

Form of reports

47. Where any charge is made in an election petition of any corrupt practice, the Commissioners shall record in their report—

(a) a finding whether a corrupt practice has or has not been proved to have been committed by any candidate or his agent, or with the connivance of any candidate or his agent, and the nature of such corrupt practice, and
